**Due to the COVID-19 pandemic and the North Carolina Governor's 'Stay at Home' mandate, the chapter meeting was held via the virtual meeting application of ZOOM.**

- V. A Membership Intake (MIT) video was played for the Chapter members. Sorors were reminded by President, per Soror Johnson, Regional Director, there will be no in-person sessions for MIT should a positive vote for membership intake occur. A plea from Madame President for a Soror(s) to volunteer to assist with the technology management and communications output was made.  

The electronic voting process was explained by Soror Willie Johnson: All eligible Sorors present on the meeting call will receive an email from *Election Runner*, a secure online election platform designed to facilitate the election process, through which the Sorority is licensed to use the service. Sorors were instructed to follow the process to select, vote, and submit their ballots. Voting results will be presented near close of meeting. Sorors eligible to vote will be confirmed by the Financial Secretary and those Sorors will have ballots emailed to them. Sorors who are not confirmed eligible to vote, will not receive an emailed ballot. Following the MIT video, roll call was conducted by Sergeants-At-Arms, Soror Sherrod and Soror Heath. Voting eligibility was confirmed by Soror Toni Moore, Financial Secretary. A motion to proceed with MIT vote was rendered by Soror Awilda Graham with a second from Soror Sherron Evans. With no objections, the motion carried. The ballots were emailed for MIT vote at 11:18 am.

The Chapter conducted a successful Delta Dear Drive-Thru. Ninety-eight (98) Delta Dears participated (four [4] have yet to receive their gifts). If there are any new Sorors achieving/reaching the Delta Dear status, please submit your name(s) to Soror Graham.
7. **MIT Vote Results:** Soror Willie Johnson – There were 101 Sorors confirmed eligible to vote for membership intake activities. Ninety-eight (98) ballots were emailed. Three eligible Sorors did not have an email address and therefore could not receive an electronic ballot. Ninety-one (91) electronic ballots were returned. Sorors were reminded: to proceed with new membership intake activities, 2/3 of the votes casted were required to support new membership intake activities.  
**The voting results:** Yes – 64, NO – 27. The 2/3 voting requirement needed to support membership intake = 65.3 votes. This vote did not support conducting membership intake activities.

After disclosure of the voting results, it was discovered because of email discrepancies, some of the eligible Sorors did not receive their electronic ballots. Their emails were compared to the listed emails in the **Red Zone**: some were found to be correct, but not captured on the local listserv, the other email was incorrect. It was revealed the email roster used by Chapter for correspondence was locally maintained and updated, and it did contain the correct email for all the Sorors. Much discussion ensued whether to allow these Sorors, in addition to the eligible Sorors without email addresses, to cast their vote via text message, since the results had already been announced. After the objections, questions of validity, and the integrity of the process were heard and addressed, it was determined 1) That all eligible Sorors have a right to vote and should be afforded the opportunity to have their vote counted. 2) Given this was the Chapter’s first virtual election, it was a learning process, of which the “glitches” and shortcomings were addressed with transparency, but Sorors should not be penalized because of the failings. 3) To minimize future email discrepancies, it is most appropriate to use email listservs generated from the Red Zone rather than creating and maintaining separate local ones. This would require Sorors to keep contact information updated or risk receipt of all electronic correspondence nationally and locally.

After discussion with Parliamentarian, Soror Lila Washington, a motion was made by Soror Vera Bell to proceed with the election process by allowing the number of votes cast electronically and via text to be counted for consideration of conducting membership intake. The motion was seconded by Soror Miranda Monroe. The affected Sorors were then given the opportunity to cast their vote via text message to Soror Johnson, administrator of the voting process.

**Final voting tallies:** One hundred one (101) Sorors present were eligible to vote. Sixty-nine (69) votes YES; twenty-eight (28) votes No. The two-thirds (2/3) vote requirement needed to support membership intake = 67.3. This vote did support proceeding with membership intake. The final decision will be forwarded the Regional Director for her review and her approval by President Figgins.

- 8. Nominating:** Soror Amanda Williams read the responsibilities of the Nominating committee to the Chapter. Qualification requirements for membership on the Minerva Circle were read to the Chapter. Test ballots for the Minerva Circle will be sent by Soror Johnson September 25-26 to preclude/troubleshoot any email glitches prior to the election of the Minerva Circle members.
